

# Cold In The Water – NEFFEX

Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill  
Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill  
Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill  
Yea  
Cold and I'm all alone yea  
I can't even see shore yea  
And I got no where to go yea  
Hoping I can stay afloat yea  
It feels like I've been dreaming but  
I know I'm not sleeping  
I, just need hope  
Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill  
Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill  
Yea  
Waves crash oh so slow  
White foam overload  
My mind never knows  
Quite where to go yea  
And I feel so unknown  
Misunderstood alone  
Miles away from coast

But no one knows yet  
Oooooooh  
Don't know where I'm gonna gooooooo  
Lost lives overfloooooowed  
Hoping I can stay afloooooooat  
If the future is so bad  
Tell me why the hell I should hold back  
Tell me where to go when everything's black  
When it's too dark to see where I'm at  
Like oooooooh  
Hoping I can stay afloooooooat  
Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill  
Said I'm cold in the water  
Broken and still  
Feel nothing at all  
But pain and the chill
