

Hold Me Tight - Tonight – Night Society

One day you came... and you took my... heart
I didn't know... what happen to me
I close my eyes... and you whisper to me
Oh come on and... oh ho ho
I... never thought... that
It... could... happen to me
For the rest of our lives... together and free
Hold me tight... tonight... cause
You make me... feel right
Hold me tight... tonight...take my love
Hold me tight... tonight...
Yeah... I'm feeling... so right
Hold me tight... tonight...
Cause I'm waiting... for love
You make me feel... I'm your number one
I'm the best... lover in town
I know what to do... and I do it with you
Oh come on and... oh ho ho
I... never thought... that
It... could... happen to me
For the rest of our lives... together and free
Hold me tight... tonight... cause
You make me... feel right
Hold me tight... tonight... take my love
Hold me tight... tonight...
Yeah... I'm feeling... so right
Hold me tight... tonight...
Cause I'm waiting... for love
Hold me tight... tonight... cause
You make me... feel right
Hold me tight... tonight... take my love
Hold me tight... tonight
Yeah... I'm feeling... so right
Hold me tight... tonight...
Cause I'm waiting... for love
