

Warrior – Nina Sublatti

Fighter

Oximated

World's gonna get up and see

I'm a warrior

Isolated

World's gonna listen to me

Violence

Set it free

Wings are gonna spread up

I'm a warrior

Isolated

World's gonna get up and see

Woohoo

I'm a warrior

Still stuck in my mind

I've been in danger for too long

No no no

Woohoo

I'm a warrior

Still stuck in my mind

I've been in danger for too long

No

Not a shabby

Or a money maker

World's gonna light up in peace

Not in shadows

Bright a little

Not your fault you're just gonna breathe

Violence

Break me free

Wings are gonna spread up

I'm a warrior

Oximated

I'm gonna get up and be

Woohoo

I'm a warrior

Still stuck in my mind
I've been in danger for too long
No no no
Woohoo
I'm a warrior
Still stuck in my mind
I've been in danger for too long
No no no
Woohoo
I'm a warrior
Still stuck in my mind
I've been in danger for too long
No no no
Woohoo
I'm a warrior
Still stuck in my mind
I've been in danger for too long
No
No
