

Still In Love With You – No Angels

The best time I ever had
When you were mine
Said to myself to keep you near
Never let you go
But trains and boats and aeroplanes
Took me away
From you
Away from all the love we had
From all the things we shared
Tell me what can I do,
You're always on my mind
If I could sing my song to you
I'd tell you how my heart is broken too
From any corner of the world
I'd let you know I'll always be your girl
I'm still in love with you
Lonely days and lonely nights
Since you've been gone
I miss your touch, I miss your smile
Always by my side
I think about the times we had
And I wonder why, oh why
Why you had to steal my heart
When we're a world apart
So tell me, baby what should I do
You're always on my mind
If I could sing my song to you
I'd tell you how my heart is broken too
From any corner of the world
I'd let you know I'll always be your girl
I'm still in love with you
I'm still in love with you
If I could sing my song to you, oh baby
You know my heart is true
You're always on my mind
If I could sing my song to you

I'd tell you how my heart is broken too
From any corner of the world
I'd let you know I'll always be your girl
If I could sing my song to you
I'd tell you how my heart is broken too
From any corner of the world
I'd let you know I'll always be your girl
I'm still in love with you
I'm still in love with you
Still in love
Still in love with you
