## Still In Love With You - No Angels

The best time I ever had When you were mine Said to myself to keep you near Never let you go But trains and boats and aeroplanes Took me away From you Away from all the love we had From all the things we shared Tell me what can I do, You're always on my mind If I could sing my song to you I'd tell you how my heart is broken too From any corner of the world I'd let you know I'll always be your girl I'm still in love with you Lonely days and lonely nights Since you've been gone I miss your touch, I miss your smile Always by my side I think about the times we had And I wonder why, oh why Why you had to steal my heart When we're a world apart So tell me, baby what should I do You're always on my mind If I could sing my song to you I'd tell you how my heart is broken too From any corner of the world I'd let you know I'll always be your girl I'm still in love with you I'm still in love with you If I could sing my song to you, oh baby You know my heart is true You're always on my mind If I could sing my song to you

I'd tell you how my heart is broken too
From any corner of the world
I'd let you know I'll always be your girl
If I could sing my song to you
I'd tell you how my heart is broken too
From any corner of the world
I'd let you know I'll always be your girl
I'm still in love with you
I'm still in love with you
Still in love
Still in love with you
