

Battles Of Love (feat Agnieszka Antos) – NUSH3N

In the quiet of the night, we start to fight,
Words cut deep, emotions ignite,
A love so strong, yet we stumble and fall,
In this fragile dance, we give it our all
I'm the one who sings this song,
But it's not only my voice that belongs,
To the story we tell, the battles we face,
I'll hold the pain, find strength to embrace
Through every mistake,
I'll stand by your side,
I won't hide,
I'll bear the blame,
Though it's not mine to take,
For our love, this sacrifice I make
Through every mistake
Uuuuuuuuuuuuu
I'll bear the blame, though it's not mine
For our love, this sacrifice I make
I'm the one who sings this song,
But it's not only my voice that belongs,
To the story we tell, the battles we face,
I'll hold the pain, find strength to embrace
Through every mistake,
I'll stand by your side,
I won't hide,
I'll bear the blame,
Though it's not mine to take,
For our love, this sacrifice I make
Through every mistake
