

# Forbidden Flames – NUSH3N feat. Agnieszka Antos

In hidden corners, where hearts collide,  
In one beat  
A love forbidden, we both must hide, so deep  
Entangled in worlds we can't betray,  
A secret we keep  
Yet flames of desire light our way,  
A love so sweet  
His eyes they speak, a silent plea,  
A dance of longing, only we can see  
Whispers in the night, ignite the flame,  
Forbidden love, we play the game  
Passion burns, a wildfire's embrace,  
In stolen moments, hidden hours,  
We find our space  
Our hearts entwined in this secret dance,  
Caught in a web, bound by a love,  
In forbidden trance  
In every heartbeat, his name I hear, so clear  
A symphony of whispers, drawing near, my dear  
I try to hide this wildfire's blaze,  
Inside of me  
But it consumes me in countless ways,  
Please set me free  
His eyes they speak, a silent plea,  
A dance of longing, only we can see  
Whispers in the night, ignite the flame,  
Forbidden love, we play the game  
Beneath the stars, secret untold,  
A love so fierce, it can't be controlled  
Beneath the moon, we find release,  
Lost in the feeling, our hearts find peace  
Oh, passion burns, a wildfire's embrace,  
In stolen moments, hidden hours,  
We find our space  
Our hearts entwined in this secret dance,

Caught in a web, bound by a love,  
In forbidden trance  
But morning breaks, the night is gone,  
Reality calls,  
Back to our worlds, each to their own,  
The curtain falls
