

Paradise Nights – NUSH3N feat. Agnieszka Antos

Summer is coming
Feel the vibe
Let's hit the beach
And soak up some time
Let's dance away
Feel the rhythm and the song
Stay close tonight
And let's party all night long
Take me to the stars
Show me paradise
Summer is here
Days are long
Let's go together and be strong
Let's go dancing
Till the break of dawn
Our memories will live on
Summer is here
Days are long
Let's go together and be strong
Let's go dancing
Till the break of dawn
Our memories will live on
Grab your bathing suit
And a beach chair
The sun is shining
With the breeze in our hair
Let's stroll along
Hand in hand
Let's make the most
Of this summer sand
Ride the waves, feel the sun
Let's cherish this moment and have some fun
Let's stay here and let go of all the stress
And make this summer the best one yet
Take me to the stars
Show me paradise

Summer is here
Days are long
Let's go together and be strong
Let's go dancing
Till the break of dawn
Our memories will live on
Summer is here
Days are long
Let's go together and be strong
Let's go dancing
Till the break of dawn
Our memories will live on
