

# River – Ochman

Gonna take my body down, right down, down, down to the river

Gonna take my body down

Let the water carry me away

Just float away

Oh-oh-oh-oh oh-oh-oh

Bury all of my things

Bury me in my skin

All that I've done, oh, lord, I'm done

Who'd wanna be king?

Pulling too many strings

All that I've done, oh, lord, I'm done

Carry me away, I'll float away

In the river

Gonna lay my head right down, right now, now, now and forever

Gonna lay my head right down

Let the water carry me away

Just float away

Bury all of my things

Bury me in my skin

All that I've done, oh, lord, I'm done

Who'd wanna be king?

Pulling too many strings

All that I've done, oh, lord, I'm done

Carry me away, I'll float away

In the river, oh-oh

In the river, oohh

In the river, oh-yeah, oohh

Bury all of my things

Bury me in my skin

All that I've done, oh, lord, I'm done  
Who'd wanna be king?  
Pulling too many strings  
All that I've done, oh, lord, I'm done

Gonna take my body down, right down, down, down to the river
