

Plus Minus Infinity – Octavia

Plus Minus Infinity

When you hold me When you hold me tight

And just whisper

When y'hold me just like now

Can't believe it's really happening

I'm so lucky

Want to keep this moment all my life

Plus Minus Infinity

I send my love to you

Every time you call me I feel love is all around

Every time you call me I feel happy like a child

But my friends warn me

He wastes your time

So I beg you to

Save your love for us

Plus Minus Infinity

I send my love to you

Plus Minus Infinity

I hope for a better world

La lala la aaa

Plus Minus Infinity

I send my love to you

Plus Minus Infinity

I hope for a better world

I hope!
