

# Something I Need – OneRepublic

I had a dream the other night  
About how we only get one life  
Woke me up right after two  
Stayed awake and stared at you  
So I wouldn't lose my mind

And I had the week that came from hell  
And yes I know that you can tell  
But you're like the net under the ledge  
But I go flying off the edge  
You go flying off as well

And if you only die once I wanna die with you  
You got something I need  
In this world full of people there's one killing me  
And if we only die once I wanna die with you  
You got something I need  
In this world full of people there's one killing me  
And if we only die once I wanna die with you

Last night I think I drank too much  
Call it our temporary crutch  
With broken words I tried to say  
Honey don't you be afraid  
If we got nothing we got us  
Yeah

And if you only die once I wanna die with  
You got something I need  
In this world full of people there's one killing me  
And if we only die once I wanna die with you  
You got something I need  
In this world full of people there's one killing me  
And if we only die once I wanna die with you

I know that we're not the same

But I'm so damn glad that we made it  
To this time, this time, now  
Yeaaaah

You got something I need  
Yeah in this world full of people there's one killing me  
And if we only die once I wanna die with you  
You got something I need  
In this world full of people there's one killing me  
And if we only die once I wanna die with you  
You got something I need  
In this world full of people there's one killing me  
And if we only die once I wanna die with you

If we only die once I wanna die with  
If we only live once I wanna live with you
