

# Human – Oscar Zia

I know exactly how you feel  
You can hear what they think  
Like a shadow in the dark  
Are you even real?  
They will bring you down  
But weakness makes them win  
You have to realize  
You're stronger than you think  
Cause once that you've seen  
What's on the other side  
You have to believe  
You can win this fight  
If you think we're human  
Take a look once again  
If you think we're human  
Where's the heart when we just look away?  
If you think we're human  
You should think once again  
If you think were human  
Look at us  
It's time to make a change  
And the question remains  
About the world and why we're here  
What's the purpose of this pain  
You might feel powerless at times  
Go on and make it disappear  
Cause every time you feel weak  
Say you're stronger than fear  
But you have to believe  
We're gonna make it there  
If you think we're human  
Take a look once again  
If you think we're human  
Where's the heart when we just look away?  
If you think we're human  
You should think once again

If you think we're human  
Look at us  
It's time to make a change  
And the question remains  
Are we human?  
Are we human?  
Who are you man?  
Who are you man?  
Are we human?  
Are we human?  
Look at us  
It's time to make a change  
Look at us  
It's time to make a change  
If you think we're human  
Take a look once again  
If you think we're human  
Where's the heart when we just look away?  
If you think we're human  
You should think once again  
If you think we're human  
Look at us  
It's time to make a change  
And the question remains  
Are we human?  
Are we human?  
Who are you man?  
Who are you man?  
Are we human?  
Are we human?  
Look at us  
It's time to make a change
