

# New York – Paloma Faith

The days were long and the nights so cold  
The pages turned and the tale unfolds  
He'd left me for another lady  
She stood so tall and she never slept  
There was not one moment he could regret  
He'd left me for another lady  
He took my hand one day and told me  
He was leaving  
Me disbelieving  
And I I I I I I I I  
Had to let him go  
And it was was New York, New York  
And she took his heart away oh my  
And it was New York, New York  
She had poisoned his sweet mind  
The wolves they howled for my lost soul  
I fell down a deep black hole  
He'd left me for another lady  
She poured the drinks and she poured the power  
A diamond girl who could talk for hours  
He'd left me for another lady  
Now I am on my own  
He told me he was leaving  
And I was pleading  
And I I I I I I I I  
Had to let him go  
And it was New York, New York  
And she took his heart away oh my  
And it was was New York, New York  
She had poisoned his sweet mind  
The greatest times  
I don't want to hear it  
Your new laughter lines  
I don't want to hear it  
The new found friends she introduced you to  
I don't wanna know them

I just wanna be with you  
Please don't make me go to New York  
And it was New York, New York  
And she took your heart away oh my  
And it was New York, New York  
She had poisoned your sweet mind  
She had poisoned your sweet mind
