

Live and let die – Paul McCartney

When you were young and your heart
Was an open book You used to say
Live and let live You know you did
You know you did You know you did
But if this ever-changing world in
Which we live in Makes you give in
And cry Say live and let die Live and let
Die Live and let die Live and let die
What does it matter to you? When you
Gotta job to do You gotta do it well
You gotta give the other fellow hell
You used to say live and let live
You know you did You know you did
You know you did But if this
Ever-changing world in which we
Live in Makes you give in and cry Say
Live and let die
