

Why Goodbye – Peablo Bryson

So are we over now
Do we just turn the page
And let the story end
Do we just walk away
Just like we never met
I know we said some things
And now you want to leave
But baby that's no reason
To let a good love die

Why goodbye
Why must it be this way
So many words
So many other words that we could say
Why goodbye
After all this time
Can't we try
Why goodbye

Why can't we work it out
Why can't we talk it out
A little more this time
Search through the rain and find
A ray of hope still shines
We can't just close the door
We're still worth fighting for
We've come too far together
To leave it all behind

Why goodbye
Why must it be this way
So many words
So many other words that we could say
Why goodbye
After all this time
Can't we try

Why goodbye

The road of love is never easy
You'll get lost along the way
But in time you will find your way through
We can make it through the bad times
We can make it to the good times
Through the stormy weather
'Cause we belong together

Why goodbye
Why must it be this way
So many words
So many other words that we could say
Why goodbye
After all this time
Can't we try
Why goodbye
Can't we try just one more time
You know we're still worth one more try
Why goodbye
Why goodbye
Oh why goodbye
