## Off He Goes - Pearl Jam

Know a man, His face seems pulled and tense Like he's riding on a motorbike In the strongest winds So i approach with tact Suggest that he should relax But he's always moving much too fast Said he'll see me on the flipside On this trip he's taken for a ride He's been taking too much on There he goes with his perfectly Unkept clothes There he goes He's yet to come back But I've seen his picture It doesn't look the same up on the rack We go way back I wonder about his insides Its like his thoughts are too big For his size He's been taken Where, i don't know? Off he goes with his perfectly Unkept hope And there he goes And now i rub my eyes, For he has returned Seems my preconceptions are what Should have been burned For he still smiles And he's still strong Nothing's changed, But the surrounding bullshit That has grown And now he's home

And we're laughing

Like we always did my same old,
Same old friend
Until a quarter-to-ten
I saw the strain creep in
He seems distracted
And i know just what is gonna happen next
Before his first step
He's off again
