

Double Life – Pharrell Williams

Hey, what are you hiding?
What you doin' when you're gone?
Nothing wrong being private
Make sure it ain't wrong
Your life double-sided
Two-faced like coins
What side do I get?
Which side are you on?
So what have you done?
Some of your dirt has come to light
Why were you
Speedin' up that hill until the
Brakes come off?
And someone saw you in a fight
Am I right?
It doesn't matter to you
If you get heads or tails
You just don't like to flip all the time
But if you spin it
Then you get to see both sides
Oh, the thrill of the double life
Lie detector time
Do you feel bad when you lie?
The look on your face says the best life
And then come home like it's fine
Am I right?
So what have you done?
Some of your dirt has come to light
Why were you
Speedin' up that hill until the
Brakes come off?
And someone saw you in a fight
Am I right?
It doesn't matter to you
If you get heads or tails
You just don't like to flip all the time

But if you spin it
Then you get to see both sides
Oh, the thrill of the double life
Who will you be tonight?
That's the question
Who will Gru be tonight?
That's the question
I know you heard the rumors
You must get over to it right away
If anyone can do it
You gotta get there soon, it's not okay
You got cars to drive
Plenty jets to fly
When will you arrive?
You're running out of time
Don't you see that everything is on the line?
So I'm sorry, but you have to choose a side
You'll never know when it's your time to go
And where you end up in life, that's code
You can't ignore, you're spinning your life
Your watch is broken
'cause you spent all your time
It's now or never, on this, everything rides
Before the spinning stops
You must pick a side
Who will you be tonight?
That's the question
Who will Gru be tonight?
That's the question
Who will you be tonight?
That's the question
Who will Gru be tonight?
That's the question
