

# Tonight – PinkPantheress

Like what?

Come on, hm, what?

It's like what?

Come on, hm

I waited all this time,

now I guess it's time I can hold ya

A million things I can't say,

But, baby, I'll wait some longer

I leave my bedroom with my posters of you up

I do this all because you're my superstar

I look at you and

I wonder why it's so complicated

You're talking out to

a crowd of people you thought you hated

Your friends will tell me

You're too scared of comin' up

But tonight, why's it all emotional to me?

You want sex with me? Uh-huh

Come talk to me, come on (like what?)

You want sex with me? Uh-huh

Come talk to me, come on

You want sex with me? Huh?

Come talk to me, come on (come talk to me)

You want sex with me? Huh?

Come talk to me, come on

Talk later, that's why I'm goin' tonight

Your heart's on fire

that's why I'm going tonight

Talk later, that's why

I'm goin' tonight (it's like what?)

Your sex on fire,

That's where we're going tonight

Talk later, that's why I'm goin' tonight

Your heart's on fire,

that's why I'm going tonight

Talk later, that's why I'm goin' tonight

Your sex on fire, that's where  
we're going tonight  
I waited all this time,  
Now I guess this time I can hold ya  
A million things I can't say,  
but, baby, I'll wait some longer  
And how many hours can we stay up?  
You can ruin my makeup (it's like what?)  
Guess it's fine (ha, let's bounce tonight)  
You could even ruin my life (come on)  
I look at you and I wonder  
Why it's so complicated (like what?)  
You're talking out to a crowd  
Of people you thought you hated  
Anticipation makes me feel like throwing up  
But tonight, can you get ready?  
You want sex with me? Uh-huh  
Come talk to me, come on (like what?)  
You want sex with me? Uh-huh  
Come talk to me, come on (yeah)  
You want sex with me? Huh?  
Come talk to me, come on (come talk to me)  
You want sex with me? Huh?  
Come talk to me, come on  
Talk later, that's why I'm goin' tonight  
Your heart's on fire,  
That's why I'm going tonight  
Talk later, that's why I'm goin' tonight  
Your sex on fire,  
That's where we're going tonight  
Talk later, that's why I'm goin' tonight  
Your heart's on fire,  
That's why I'm going tonight  
Talk later, that's why I'm goin' tonight  
Your sex on fire,  
That's where we're going tonight  
You want sex with me? Uh-huh  
Come talk to me, come on (like what?)  
You want sex with me? Uh-huh  
Come talk to me, come on (yeah)

You want sex with me? Huh?

Come talk to me, come on (come talk to me)

You want sex with me? Huh?

Come talk to me
