Over - Platon & Joolay

Find a way to perfect start Kinda lover-lover Gonna tear myself apart Undercover-cover Try to make me feel again Like you never did before Or just burn me like a flame, oh-oh Not gonna give you up Not gonna let you down Gonna ask for more Take me off the ground, oh Not gonna give you up Not gonna let you down Gonna ask for more Take me off the ground, oh Not gonna give you up Not gonna let you down Gonna ask for more Take me off the ground, oh Not gonna give you up Not gonna give you up It's enough, the final game When we kiss I can't stay sober Maybe we can fight again Just don't tell me it's all over Over, over Over, over Over, over Over, over It feels better in the dark And it's glowing, glowing You're the one who've touched my heart You're mind blowing, loving We can never be the same Like we used to be before

All there's left is to inflame, oh-oh

Are you gonna give me up? Are you gonna let me down? Will you ask for more? Taking off the ground, oh Are you gonna give me up? Are you gonna let me down? Will you ask for more? Taking off the ground, oh Are you gonna give me up? Are you gonna let me down? Will you ask for more? Taking off the ground, oh Are you gonna give me up? Are you gonna give me up? It's enough, the final game When we kiss I can't stay sober Maybe we can fight again Just don't tell me it's all over It's enough, the final game When we kiss I can't stay sober Maybe we can fight again Just don't tell me it's all over Over, over

Over, over
