

# Beat Of Your Heart – Purple Disco Machine & ÁSDÍS

There's a sound like a drum echoin'  
When the high from your love's kickin' in  
And it hits like the Holy Ghost  
A million-mile-an-hour wind  
Pour some fuel on the floor, make a fire  
Strike a match, light the flame of desire  
Keep me warm 'cause this town is cold  
All night long  
You make the spot light up wherever we are  
All night, we're magnetically charged  
Lightning couldn't strike us apart  
You got me dancin' to the beat of your heart  
True love in a city of lies  
Get lost when I look in your eyes  
Lightning couldn't strike us apart  
You got me dancin' to the beat of your heart  
Pleadin' guilty, I'm not innocent  
If the crime is your love, let me sin  
Prayin' nobody saves my soul, oh no  
Spin me around, take me up,  
Take me down, high and low  
Spin me around, lift me up off the ground,  
Don't let go  
All night long  
You make the spot light up wherever we are  
All night, we're magnetically charged  
Lightning couldn't strike us apart  
You got me dancin' to the beat of your heart  
True love in a city of lies  
Get lost when I look in your eyes  
Lightning couldn't strike us apart  
You got me dancin' to the beat of your heart  
[Post-Chorus]  
You got me dancin', I'm dancin'  
To the beat of your heart

You got me dancin', I'm dancin'  
To the beat of your heart  
You got me dancin', I'm dancin'  
To the beat of your heart  
You got me dancin' to the beat of your heart  
(To the beat of your heart)  
(To the beat of your heart)  
(To the beat of your heart)  
(To the beat of your heart)  
(To the beat of your heart)  
(To the beat of your heart)  
(To the beat of your heart)  
(To the beat of your heart)
