## I know where I've been - Queen Latifah

There's a light in the darkness Though the night black as my skin There's a light burning bright Showing me the way But I know where I've been There's a cry in distance It's a voice that comes from deep within There's a cry asking why I pray the answer's up ahead 'Cause I know where I've been There's a road We've been travellin' Lost so many on the way But the riches will be plenty With the price, the price we had to pay There's a dream in the future There's a struggle that we have yet to win And there's pride in my heart 'Cause I know where I'm going, yes I do And I know where I've been, yeah There's a road that we must travel There's a promise that we must make Oh the riches will be plenty Worth the risk and chances that we take There's a dream in the future there's a struggle, we have yet to win Use that pride in our hearts to lift us up to tomorrow 'Cause just to sit still would be a sin I know it, I know it, I know where I'm going Lord knows I know where I've been Oh, when we win, I'll give thanks to my God 'Cause I know where I've been
