

Rumors – R3HAB & Sofia Carson

I can feel you
Watching me
All your friends are trying to leave
You hit me with that one line
I know that you said about it a hundred times
You got me all wrong Don't you know who You're talking to?
You got me all wrong I heard about you And what you do
Don't you know the rumors? They talk about,
Talk about you, boy
They say that you never gonna treat me right
I know that your forever's only one night, one night
Don't you know the rumors? They talk about,
Talk about you, boy
They say that you never gonna treat me right
I know that your forever's only one night, one night
So I hit you with that one line
Tonight you met your match I hope you realize that
You got me all wrong Now you know who You're talking to
You got me all wrong I heard about you And what you do
Don't you know the rumors? They talk about,
Talk about you, boy
They say that you never gonna treat me right
I know that your forever's only one night, one night
Don't you know the rumors? They talk about,
Talk about me too, boy
I know that your intentions are as bad as mine
So let's pretend forever's only one night, one night
Don't you the rumors? They talk about
Talk about me too, boy
I know that your intentions are as bad as mine
So let's pretend forever's only one night
