

# Heart made up on you – R5

Got my heart made up on you  
Oooh, oooh, oooh, oooh  
You said what you said  
When words are knives it's hard not to forget  
But something in my head wouldn't reset  
Can't give up on us yet  
No, whoa, wo-oooh  
Your love was so real  
It pulled me in just like a magnetic field  
I'd let you go but something's taking the wheel  
Yeah it's taking the wheel  
Oh, oh  
My mind says "no, you're no good for me  
You're no good", but my heart's made up on you  
My body can't take what you give to me  
What you give, got my heart made up on you  
Wo-oooh, Wo-oooh  
Got my heart made up on you  
I should be making a break  
Up all night thinking I'm planning my escape  
But this insomnia ain't goin' away  
And now I'm back at your place  
Oh, no, Wo-oh  
My mind says "no, you're no good for me  
You're no good", but my heart's made up on you  
My body can't take what you give to me  
What you give, got my heart made up on you  
Wo-oooh, Wo-oooh  
Got my heart made up on you  
Look what you did, what you did  
What you're doing to me  
You got me searching for the words, like a silent movie  
I can't breathe, I can't see, it's so out of control  
But baby honestly my hands are up, I'm letting go  
Got my heart made up on you  
My mind says "no, you're no good for me

You're no good", but my heart's made up on you  
My body can't take what you give to me  
What you give, got my heart made up on you  
Wo-oooh, [My mind says no]  
Wo-oooh  
Got my heart made up on you  
Up on you, up on you, yeah
