

# Decks Dark – Radiohead

Then in your life, there comes the darkness  
There's a spacecraft blocking out the sky  
And there's nowhere to hide  
- You run to the back and you cover your ears  
But it's the loudest sound you've ever heard  
And are we trapped? Rag-doll, cloth people  
We are helpless to resist  
Into our darkest hour  
But it was just a laugh, just a laugh  
Just a laugh, just a laugh  
Even at this angle  
And so we crumble  
A ten ton head, made of wet sand  
This dread circumference  
You gotta be kidding me  
The grass grows over me  
Your face in the glass, in the glass  
It was just a laugh, just a laugh  
It's whatever you say it is  
Split infinity  
Then into your life, there comes a darkness  
And a spacecraft blocking out the sky  
And there's nowhere to hide  
- You run to the back and you cover your ears  
But it's the loudest sound you've ever heard  
Into your darkest hour  
When you've had enough of me  
When you've had enough of me  
Sweet darling  
When you've had enough of me  
When you've had enough of me  
Sweet darling  
Sweet darling  
Sweet darling  
Sweet darling
