

Decks Dark – Radiohead

Then in your life, there comes the darkness
There's a spacecraft blocking out the sky
And there's nowhere to hide
- You run to the back and you cover your ears
But it's the loudest sound you've ever heard
And are we trapped? Rag-doll, cloth people
We are helpless to resist
Into our darkest hour
But it was just a laugh, just a laugh
Just a laugh, just a laugh
Even at this angle
And so we crumble
A ten ton head, made of wet sand
This dread circumference
You gotta be kidding me
The grass grows over me
Your face in the glass, in the glass
It was just a laugh, just a laugh
It's whatever you say it is
Split infinity
Then into your life, there comes a darkness
And a spacecraft blocking out the sky
And there's nowhere to hide
- You run to the back and you cover your ears
But it's the loudest sound you've ever heard
Into your darkest hour
When you've had enough of me
When you've had enough of me
Sweet darling
When you've had enough of me
When you've had enough of me
Sweet darling
Sweet darling
Sweet darling
Sweet darling
