

I Cry – Ray Horton

Everytime you go away
I can't find the words to say
If I could, I'd make you stay
To be back in your heart and find a new start o babe
Tell me where did we go wrong
It used to be our love was strong
Now everything we had is gone
'cause I can't sleep at night
Without holding you tight
I cry, I die
Each time, you tell me it's over
I cry, I die
Each time, you tell me it's over
When you tell me it's over
I cry
- Yes I cry
Now that all is said and done
I still think you're the only one
Maybe I just hanging on
Yet my heart won't let go,
'cause I still love you so
I cry, I die
Each time, you tell me it's over
I cry, I die
Each time, you tell me it's over
And think about the time we've spent
Laughing in the rain,
Having fun - oh baby
And I wish upon a star,
Hoping that your love isn't gone
'cause you're still the one
I cry, I die
Each time, you tell me it's over
I cry, I die
Each time, you tell me it's over
I cry, I die

Each time, you tell me it's over
I cry, I die
Each time, you tell me it's over
When you tell me it's over
I cry
- I cry
