

Let's go now – Rayelle

We're the ones in charge now
We say where we go
Let's harness our power and be bold
Past won't repeat now
We're breaking the mold
Can't stop the rhythm and we won't
We're willing and able
And we ain't gonna throw it away
We're taking control now, no time to waste
C'mon, let's go now
We're doing this
Let's show 'em how
Show 'em how we do
C'mon, let's move
C'mon, let's go now
We're doing this
Don't slow down
We gotta make our move
C'mon, let's move
C'mon, let's go (ayy)
Let's go
C'mon, let's go (ayy)
Let's go
We got the heat now (yes)
It's running through our veins
Let's fire the cannons, let 'em blow
Can't chain our feet now (no)
We're too strong to hold
Can't keep us quiet when we roar
We're willing and able
And we ain't gonna wait one more day
We're TakingControlNow,there's NoTimeTo waste
C'mon, let's go now (ayy)
We're doing this
Let's show 'em how (ayy)
Show 'em how we do

C'mon, let's move
C'mon, let's go now (ayy)
We're doing this
Don't slow down (ayy)
We gotta make our move
C'mon, let's move
C'mon, let's go
Let's go
C'mon, let's go (yeah)
Let's go
I can't wait for the day when
They don't take us for granted
'Cause we don't come empty-handed, we slay
No, they ain't gonna change it
Yeah, we made it, and we're here to stay
Yeah-yeah
Oh-oh-oh
C'mon, let's go now
We're doing this
Let's show 'em how
Show 'em how we do
C'mon, let's move
C'mon, let's go now
We're doing this
Don't slow down
We gotta make our move
C'mon, let's move
C'mon, let's go now
We're doing this
Let's show 'em how
Show 'em how we do
C'mon, let's move
C'mon, let's go
Let's go
C'mon, let's go
Let's go
