

Strobe Lights – Red Sebastian

Strobe lights
Gettin' lost in your eyes
Cotton candy haze
We're floatin' up in space
(-----)
Fallin' where up is down
Screamin', but won't make a sound
Alice, show me your hand
Take it to Wonderland
Step into the mirror to bright new dimensions
Where no words are needed
to feel the connection
Where clocks never tick
and where love is the ending
Come down through the lookin' glass
Strobe lights
Gettin' lost in your eyes
Cotton candy haze
We're floatin' 'round in space
Skintight
Never felt so alive
Caught up in this maze
It's where I wanna stay
(-----)
Flyin' deep underground
Silence never felt so loud
Step into the mirror to bright new dimensions
Where no words are needed
to feel the connection
Where clocks never tick
and where love is the ending
Come down through the lookin' glass
Strobe lights
Gettin' lost in your eyes
Cotton candy haze
We're floatin' 'round in space

Skintight
I feel so alive
Caught up in this maze
It's where I wanna stay
(-----)
That's where I wanna stay
(-----)
That's where I wanna stay
