

# Close To You – Rihanna

Nothing but a tear, that's all for breakfast  
Watching you pretend you're unaffected  
You're pulling our connections, expecting me to let you go  
But I won't

No you don't need my protection  
But I'm in love, can't blame me for checking  
I love in your direction, hoping that the message goes

Somewhere close to you  
Close to you  
Like so close if they heard you, you wouldn't find out  
Just say now, I'm coming right now, to be close to you

Said you let it go, you kept it  
Working hard to perfect it  
Now your fear is reckless, and it's out of your control  
Would you let it go?

No you don't need my protection  
But I'm in love, can't blame me for checking  
I love in your direction, hoping that the message goes

Somewhere close to you  
Close to you  
Like so close if they heard you, you wouldn't find out  
If you let me, I'd be there by now  
Close to you
