

# Friend or Foe – Riverside

Who do you pretend to be  
To please everyone?  
Who are you imitating now?  
I've heard the same story  
Long before this one  
You are nothing but a copy of it  
So are you neo or post?  
Remade for love  
Oh oh  
Funny  
Or maybe you don't want to know  
It was done before  
Oh oh  
And we go round and round

Oh  
Are you fake or real?  
Are you friend or foe?  
Oh oh  
Tell me who made you up  
Was it you or someone else?  
Whose shadow is behind your back?  
Maybe I'm cynical  
But you shouldn't be surprised  
You are not the first to make this promise  
So are you neo or post?  
Remade for love  
Oh oh  
Funny  
Or maybe you don't want to know  
It was done before  
Oh oh  
And we go round and round

Oh  
Are you fake or real?  
Are you friend or foe?  
Oh oh  
Who is behind the filter?  
Who's behind the mask?  
How much of yourself is left in you?  
Or maybe you're a collection  
Of everything I want  
And you've been customised for my desires  
So are you neo or post?  
Remade for love  
Oh oh  
Funny  
Or maybe you don't want to know  
It was done before  
Oh oh  
And we go round and round
