

# Advertising Space – Robbie Williams

There's no earthly way of knowing  
What was in your heart  
When it stopped going  
The whole world shook  
A storm was blowing through you  
Waiting for God, to stop this  
And up to your neck, in darkness  
Everyone around you was corrupted  
Saying something  
There's no dignity in death  
To sell the world, your last breath  
We're still fighting over  
Everything you left  
I saw you standing at the gates  
When Marlon Brando passed away  
You had that look upon your face  
Advertising space  
No one, learned from your mistakes  
We let our prophets go to waste  
All that's left in any case  
Is advertising space  
Through your eyes the world was burning  
Please be gentle, I'm still learning  
You seemed to say, as you kept turning up  
They poisoned you with compromise  
At what point did you realize  
Everybody loves your life but you aaa  
A special agent for the man  
Through Watergate and Vietnam  
No one really gave a damn  
Did you think the CIA did  
I saw you standing at the gates  
When Marlon Brando passed away  
You had that look upon your face  
Advertising space  
No one learned from your mistake

We let our prophets go to waste  
All that's left in any case  
Is advertising space  
Ooo ooo  
No one learned from your mistakes  
We let our prophets go to waste  
All that's left in any case  
Is advertising space  
I've seen your daughter  
Man, she's cute  
I was scared but I wanted to  
Boy, she looks a lot like you
