

# Eternity – Robbie Williams

Close your eyes so you don't feel them  
They don't need to see you cry  
I can't promise I will heal you  
But if you want to I will try  
Sing this summer serenade  
The past is done, we've been betrayed  
It's true  
Some might say the truth will out  
But I believe without a doubt  
In you  
You were there for summer dreaming  
And you gave me what I need  
And I hope you find your freedom  
For eternity  
For eternity  
Yesterday when we were walking  
You talked about your mom and dad  
What they did that made you happy  
What they did that made you sad  
We sat and watched the sun go down  
Then picked a star before we lost  
The moon  
Youth is wasted on the young  
Before you know it's come and gone  
Too soon  
You were there for summer dreaming  
And you gave me what I need  
And I hope you find your freedom  
For eternity  
For eternity  
For eternity  
I sing the summer serenade  
The past is done, we've been betrayed  
its true  
Youth is wasted on the young  
Before you know its come and gone

too soon

You were there for summer dreaming

And you are a friend indeed

And I hope you find your freedom

For eternity

You were there for summer dreaming

And you are a friend indeed

And I know you find your freedom

Eventually

For eternity
