

Eternity – Robbie Williams

Close your eyes so you don't feel them
They don't need to see you cry
I can't promise I will heal you
But if you want to I will try
Sing this summer serenade
The past is done, we've been betrayed
It's true
Some might say the truth will out
But I believe without a doubt
In you
You were there for summer dreaming
And you gave me what I need
And I hope you find your freedom
For eternity
For eternity
Yesterday when we were walking
You talked about your mom and dad
What they did that made you happy
What they did that made you sad
We sat and watched the sun go down
Then picked a star before we lost
The moon
Youth is wasted on the young
Before you know it's come and gone
Too soon
You were there for summer dreaming
And you gave me what I need
And I hope you find your freedom
For eternity
For eternity
For eternity
I sing the summer serenade
The past is done, we've been betrayed
its true
Youth is wasted on the young
Before you know its come and gone

too soon

You were there for summer dreaming

And you are a friend indeed

And I hope you find your freedom

For eternity

You were there for summer dreaming

And you are a friend indeed

And I know you find your freedom

Eventually

For eternity
