

Out Of The Black – Royal Blood

How did it feel when it came alive and took you?

Out of the black

It broke your skin and shook through

Every part of me, every part of you

You made a fool out of me

And took the skin off my back running

So don't breathe when I talk

Cause you haven't been spoken to

I've got a gun for a mouth

And a bullet with your name on it

But a trigger for a heart

Beating blood from an empty pocket

I never knew why

And you didn't care when

It closed every door

And washed away no sin

And I promised you

Like you promised me

But those vows we made

Fucked it up for free

You made a fool out of me

And took the skin off my back running

So don't breathe when I talk

Cause you haven't been spoken to

I've got a gun for a mouth

And a bullet with your name on it

But a trigger for a heart

Bleeding blood from an empty pocket

You made a fool out of me

And took the skin off my back running

So don't breathe when I talk

Cause you haven't been spoken to
I've got a gun for a mouth
And a bullet with your name on it
But a trigger for a heart
Bleeding blood from an empty pocket

And it tortures slow
Never let's you go
Deals a crooked hand
