

# Dolce vita – Ryan Paris

We're walking like in a dolce vita,  
This time we got it right,  
We're living like in a dolce vita,  
Oh gonna dream tonight  
We're dancing like in a dolce vita,  
With lights and music on,  
Our love is made in the dolce vita,  
Nobody else than you

It's our last night,  
Together with your love again  
Another light, before we drown in darkness,  
Say you'll never leave me now,  
Say you gonna love me now

We made it down in the dolce vita,  
Wipe all your fears away,  
We live it like in the dolce vita,  
A game of yesterday  
I'm so alone in the dolce vita,  
Oh baby telephone  
Our magic's gone in the dolce vita,  
Nobody else than you

It's our last night,  
Together with your love again  
Another light, before we drown in darkness,  
Say you'll never leave me now,  
Say you gonna love me now

It's our last night, together with your love again  
Another light, before we drown in darkness,  
Say you'll never leave me now,  
Say you gonna love me now
