This city - Sam Fischer

I've been seeing lonely people In crowded rooms Covering their old heartbreaks With new tattoos It's all about smokescreens and cigarettes Looking through low lights at silhouettes But all I see is lonely people In crowded rooms This city's gonna break my heart This city's gonna love me then leave me alone This city's got me chasing stars It's been a couple months since I felt like I'm home Am I getting closer to knowing where I belong? This city's gonna break my heart She's always gonna break your heart, oh I remember mornings when my head didn't hurt And I remember nights when art didn't feel like work She wakes up at noon and she's out 'til three She leaves her perfume all over me But I remember mornings when my Head didn't hurt Oh, this city's gonna break my heart (it's gonna break my heart) This city's gonna love me then leave me alone This city's got me chasing stars (got me chasing stars) It's been a couple months since I felt like I'm home (oh) Am I getting closer to knowing where I belong? This city's gonna break my heart She's always gonna break your heart, oh ooh, ooh, ooh, ooh, ooh, ooh

ooh-ooh, ooh, ooh, ooh, ooh

She got me wrapped 'round her finger
She got a hold on me
She got me wrapped 'round her finger
This city's gonna break my heart (oh, yeah)
This city's gonna love me then leave me alone
This city's got me chasing stars (oh)
It's been a couple months
Since I felt like I'm home
Am I getting closer to knowing
Where I belong?
This city's gonna break my heart (hey, yeah)
She's always gonna break your heart
Ooh, ooh, ooh, ooh,
She's always gonna break your heart

She got a hold on me
