Fire on fire – Sam Smith

My mother said I'm too romantic She said 'You're dancing in the movies' I only started to believe her Then I saw you and I knew Maybe it's 'cause I got a little bit older Maybe it's all that I've been through I'd like to think it's how you lean on my shoulder And how I see myself with you

I don't say a word But still you take my breath and steal the things I know There you go Saving me from out of the cold

Fire on fire Would normally kill us But this much desire Together we're winners They say that we're out of control And some say we're sinners But don't let them ruin Our beautiful rhythms 'Cause when you unfold me And tell me you love me And tell me you love me And look in my eye You are perfection My only direction It's fire on fire It's fire on fire

When we fight, we fight like lions But then we love and feel the truth We lose our minds in a city of roses We won't abide by any rules

I don't say a word

But still you take my breath and steal the things I know There you go Saving me from out of the cold

Fire on fire Would normally kill us But this much desire Together we're winners They say that we're out of control And some say we're sinners But don't let them ruin Our beautiful rhythms 'Cause when you unfold me And tell me you love me And look in my eye You are perfection My only direction It's fire on fire

Oh It's fire on fire

Fire on fire Would normally kill us But this much desire Together we're winners They say that we're out of control And some say we're sinners But don't let them ruin Our beautiful rhythms

Fire on fire Would normally kill us But this much desire Together we're winners They say that we're out of control And some say we're sinners But don't let them ruin Our beautiful rhythms 'Cause when you unfold me And tell me you love me And look in my eye You are perfection My only direction It's fire on fire

You are perfection My only direction It's fire on fire
