

# Lose You – Sam Smith

You say you're packing your bags  
This isn't what I thought forever would be  
You're walking out so casually  
How could you give up on us like that?  
You say you're feeling the pressure  
And you'd be better with me out of your life  
But, baby, that ain't happening tonight  
Want you to know that I'm willing  
To make this right  
I'd be crazy if I gave you up  
When you give me that unfiltered love  
It is all I need, I can hardly breathe  
You are what I want  
Baby, I'm not ready to lose you yet  
Yeah, I've tried but you know I can't forget  
I'm begging you  
I'm not ready to lose you  
Baby, I'm not ready to lose you yet  
Why can't you see I've got nothing left?  
I'm begging you  
I'm not ready to lose you, oh  
Yeah, you know I would do anything, baby  
To feel you back here in my arms  
You bring that spiritual calm  
When I'm with you it's like nothing  
Can go wrong  
I'd be crazy if I gave you up  
When you give me that unfiltered love  
It is all I need, I can hardly breathe  
You are what I want  
Baby, I'm not ready to lose you yet  
Yeah, I've tried but you know I can't forget  
I'm begging you  
I'm not ready to lose you  
Baby, I'm not ready to lose you yet  
Why can't you see I've got nothing left?

I'm begging you  
(No, I'm not) I'm not ready to lose you, oh  
I'm not ready to lose you, woah  
I'm not ready to lose you  
I'm not ready to lose
