

# Invisible Dress (Maro Music x Skytech remix) – Sanah

I've been here for some time now  
I know now  
That I will  
Be forever in this place

But your voice it keeps me breathing  
Forgiving  
Believing  
Maybe someday it will change

Uuu Oh No  
Uuuu I'm invisible  
Uuuu the don't see my face  
Don't see my face  
It stays the same

An invisible dress  
Carry my heart  
A way down low  
Feel like I drown  
An invisible heat  
Let me out please  
I care about you  
You don't care about me

An invisible dress  
Carry my heart  
A way down low  
Feel like I drown  
An invisible heat  
Let me out please  
I care about you  
You don't care about me

I look up into thy sky now

And I found  
That my eyes  
They're more blind everyday  
Can you love me for who I am  
I'm trying  
To hide it  
The sadness in my face

Uuu Oh No  
Uuuu I'm invisible  
Uuuu the don't see my face  
Don't see my face  
It stays the same

An invisible dress  
Carry my heart  
A way down low  
Feel like I drown  
An invisible heat  
Let me out please  
I care about you  
You don't care about me

An invisible dress  
Carry my heart  
A way down low  
Feel like I drown  
An invisible heat  
Let me out please  
I care about you  
You don't care about me
