Your Way To India – Sandra

You and I
Here we are - strangers
You and I
Still tastes the tears of cry
The world keeps turning
Without you I'm like a soul without a mind
You keep on searching
For something you left behind
(Deep in my heart I feel for you
If *lovening* on what can I do?)
On your way to India
You'll see the light
On your way to India
Your eternal life
On your way to India
You'll have me in mind
Now I find
I just need you like I never did before
You love me blind
And we can't talk anymore
(Here is my heart I feel for you
If *lovening* on what can I do?)
On your way to India
You'll see the light
On your way to India
Your eternal life
(I'm like a soul without a mind)
On your way to India
(My world keeps turnin')
You'll have my in mind
(I ceep on searching all the time)
It's gotta be over
(I miss you)
On your way to India
On your way to India
(I need you so)

You'll see the light
(I was a fool to leave you)
On your way to India
(But I already had no choice)
Your eternal life
(I'm like a soul without a mind)
On your way to India
(My world keeps turnin')
You'll have me in mind
(I ceep on searching all the time)
It's gotta be over
(I miss you)
On your way to India
