

# Only You(oryginal) – Savage

Only you  
When I really get nothing to do  
Can't be true  
Only you  
When I'm looking for somebody new  
You're the clue

Only change my mind  
When I feel so blind  
Then you make me see  
Love is free

Only you  
When I look at your eyes in the blue  
Love me too  
Only you  
When your teardrops are lit by the moon  
Laugh too soon

Only change my mind  
When I feel so blind  
Then you make me see  
Love is free

Don't push me aside  
(my love's alive)  
Don't leave me to die  
(you will survive)  
You hold me so tight  
(turn off the light)  
It all seems so right

Only you  
When I really got nothing to do  
Can't be true  
Only you

When I look at your eyes in the blue  
Love me too

Only change my mind  
When I feel so blind  
Then you make me see  
Love is free

Don't push me aside  
(my love's alive)  
Don't leave me to die  
(you will survive)  
You hold me so tight  
(turn off the light)  
It all seems so right

Don't push me aside  
(my love's alive)  
Don't leave me to die  
(you will survive)  
You hold me so tight  
(turn off the light)  
It all seems so right

Don't push me aside  
(my love's alive)  
Don't leave me to die  
(you will survive)  
You hold me so tight  
(turn off the light)  
It all seems so right
