Only You(oryginal) – Savage

Only you
When I really get nothing to do
Can't be true
Only you
When I'm looking for somebody new
You're the clue

Only change my mind
When I feel so blind
Then you make me see
Love is free

Only you
When I look at your eyes in the blue
Love me too
Only you
When your teardrops are lit by the moon
Laugh too soon

Only change my mind
When I feel so blind
Then you make me see
Love is free

Don't push me aside
(my love's alive)
Don't leave me to die
(you will survive)
You hold me so tight
(turn off the light)
It all seems so right

Only you
When I really got nothing to do
Can't be true
Only you

When I look at your eyes in the blue
Love me too

Only change my mind
When I feel so blind
Then you make me see
Love is free

Don't push me aside
(my love's alive)
Don't leave me to die
(you will survive)
You hold me so tight
(turn off the light)
It all seems so right

Don't push me aside
(my love's alive)
Don't leave me to die
(you will survive)
You hold me so tight
(turn off the light)
It all seems so right

Don't push me aside
(my love's alive)
Don't leave me to die
(you will survive)
You hold me so tight
(turn off the light)
It all seems so right
