

Ghosts – Scavenger Hunt

Every search for truth leads me back to you
And if the path's not clear,
Come and find me here
If love is a game,
It doesn't feel the same to me
Still I live to breathe every word you say
Every action is just a reaction
But it feels like the first time
It's magnetic, it's attraction
Never stopping when it feels right
Don't slow down, we're closer now
You're the map I found
Oh, it always leads back to you
Let's just drive to escape this night
On an endless ride
Oh, it always comes back to you
There's a place where
I locked my heart out tight
Keep the windows closed,
Hide the ghosts inside
The moments are golden when you're holding me
It's a silver lining, so complete
Every action is just a reaction
But it feels like the first time
It's magnetic, it's attraction
Never stopping when it feels right
Don't slow down, move closer now
You're the map I found
Oh, it always leads back to you
Let's just drive to escape this night
On an endless ride
Oh, it always comes back to you
Run away, you could run away with me
Run away, you could run away with me
Run away, you could run away with me
Run away, you could run away with me
