

Fake it – Seether

Who's to know if your soul will fade at all
The one you sold to fool the world
You lost your self-esteem along the way
Yeah
Good god your comin up with reasons
Good god your dragging it out
Good god its the changing of the seasons
I feel so raped
SO FOLLOW ME DOWN
And just fake it if your out of direction
Fake it if you don't belong
Fake it if you feel like infection
Woah your such a fuckin hipocrite
And you should know that the lies
Wont hide your falls
No sense in hiding all of yours
You gave up on your dreams along the way
Yeah
Good god your comin up with reasons
Good god your dragging it out
Good god its the changing of the seasons
I feel so raped
SO FOLLOW ME DOWN
And just fake it if your out of direction
Fake it if you don't belong
Fake it if you feel like infection
Woah your such a fuckin hipocrite
Whoah Whoah
I can fake with the best of anyone
I can fake with the best of em all
I can fake with the best of anyone
I can fake it all
Who's to know if your soul will fade at all
The one you sold to fool the world
You lost your self-esteem along the way
Yeah

Good god your comin up with reasons
Good god your dragging it out
Good god its the changing of the seasons
I feel so raped
SO FOLLOW ME DOWN
And just fake it if your out of direction
Fake it if you don't belong
Fake it if you feel like infection
Woah your such a fuckin hipocrite
Fake it if your out of direction
Fake it if you don't belong
Fake it if you feel like infection
Woah your such a fuckin hipocrite
