## Baby - Serj Tankian

You came to me within a dream

Not everyone is who they seem

All these words we can't redeem

Like the great magic of our world

Corroborated by your words

Splitting planets into thirds

Baby, oh baby

Baby, my baby

Baby, oh babe

I miss you, la, la, la, la

Baby, oh baby

Baby, my babe

Baby, oh babe

I miss you

To all the leaves that fall in vain

While God and Goddess go insane

All these words in your domain

The watches kill time as the books read

Inadvertently we bleed

Fighting for what we deceive

Baby, oh baby

Baby, my baby

Baby, oh babe

I miss you, la, la, la, la

Baby, oh baby

Baby, my babe

Baby, oh babe

I miss you

Leave me alone

Leave me alone

Now why can't you see

That you always perturb me?

So nearing the end of the world

Just leave me alone

Leave me alone

Why can't you see that you always perturb me?

So nearing the end of the world

Leave me alone

Leave me alone

Baby, oh baby

Baby, my baby

Baby, oh babe

I miss you, la, la, la, la

Baby, oh baby

Baby, my babe

Baby, oh babe

I miss you
