

# Harakiri – Serj Tankian

We're the day birds  
Deciding to fly against the sky  
Within our dreams, we all wake up  
To kiss the ones who are born to die

We're the greying herds  
Hurting each other with our lies  
Within our dreams, we all wake up  
To kiss the ones who are born  
Born to die  
Born to die

The drum fish  
They beached themselves in Harakiri  
The blackbirds  
They fell in thousands from the sky  
Their red wings  
Streaming down from the higher seas  
Deflected by the ground  
They crowned the sun

They crowned the sun  
They crowned the sun  
But I believe that they are free  
When their time was done  
They were drowned by the only one  
But I believe that they are free  
Washed by the sun

These are the stakes  
We must either love each other  
Or we must die

Our statues  
The soaring edifice of our times  
Detracted from the ways of the wise

The future will view all history as a crime  
So father, tell us when is the time to rise

They crowned the sun  
They crowned the sun  
But I believe that they are free  
When their time was done  
They were drowned by the only one  
But I believe that they are free

We're at war with the most dangerous enemy  
That has ever faced mankind in his long climb  
From the swamp to the stars  
There's no place to escape to  
This is the last stand on Earth

We're the day birds  
Deciding to fly against the sky  
Within our dreams, we all wake up  
To kiss the ones who are born to die

We're the greying herds  
Hurting each other with our lies  
Within our dreams, we all wake up  
To kiss the ones who are born  
Born to die

They crowned the sun  
They crowned the sun  
But I believe that they are free  
When their time was done  
They were drowned by the only one  
But I believe that they are free  
They crowned the sun  
They crowned the sun  
But I believe that they are free  
And we believe that they are free  
Cause I believe that they are me  
Washed by the sun
