

# Serving – Miriana Conte

I've got a secret you should know  
Come a little close, I'll whisper slow  
I've got a secret you should know  
(-----)  
People say, "Don't be so loud"  
Watch the words coming out your mouth  
Hands crossed, don't dare stand out  
Follow the crowd,  
Follow the crowd  
Pull up, pull up, make all 'em bow down  
Shut up, shut up, I'ma be real loud  
Get up, get up, I don't back down  
Follow me now,  
Follow me now  
Only lovers, no enemies  
Feel it round me, queen energy  
In my power a higher me  
Here's the secret remedy  
Why should we let other people decide  
When we could be having the time of our lives  
Let down your walls,  
come and dance to my vibe  
I do it all the time  
Yeah, I do it all the time  
Serving  
(-----)  
Do-re-mi-fa-s-s-serving  
(-----)  
Do-re-mi-fa-s-s-serving  
They say no, do the opposite  
(-----)  
That's it  
Give up, give up, this girl don't quit  
Follow me now  
Only lovers, no enemies  
Feel it round me, queen energy

Here's our secret remedy  
Why should we let other people decide  
When we could be having the time of our lives  
Let down your walls,  
come and dance to my vibe  
I do it all the time  
Yeah, I do it all the time  
Yeah, I do it all the time  
Serving
