

# Give me your heart tonight – Shakin' Stevens

Oh tonight - I'm walking the streets again  
Runnin' away from all of my teasin' friends  
Oh tonight - the stars are in darkened skies  
They don't hold all the love  
I can see in your lonely eyes

Cause I'm not waiting for a secret  
I don't want to hear a lie  
Don't want the promise of tomorrow  
Give me your heart tonight

Too young - too young to start settling down  
I'm getting too old  
Too old to keep running around  
Oh your love is something I don't wanna miss  
End up alone and livin' on a one night kiss

Cause I'm not crying without reason  
I'm not asking what is right  
Just like the changin' of the season  
Give me your heart tonight

Cause I'm not waiting for a secret  
I don't want to hear a lie  
Don't want the promise of tomorrow  
Give me your heart tonight

I'm not crying without reason  
I'm not asking what is right  
Just like the changin' of the season  
Give me your heart tonight

I'm not crying without reason  
I'm not asking what is right  
Just like the changin' of the season  
Give me your heart tonight
