

# It's you – Shayna Zaid

I love, watching your every move  
Trying to get close to you  
Seems like I'm falling in love  
I feel, heaven under my feet  
Wrapped up in silky sheets  
Come lay your head down next to me

Oh oh

It's you who  
I give the most to  
I'll let you go when you need room  
It's you who  
I give my heart to  
Baby be careful  
I've only got one

I want to travel inside your mind  
And find out what you like  
So I can give you what you mean to me  
You are a dream come true  
My prayers were answered too  
I've been searching all my life

Oh oh

It's you who  
I give the most to  
I'll let you go when you need room  
It's you who  
I give my heart to  
Baby be careful  
I've only got one

Oh oh

I love, watching your every move  
Trying to get close to you  
Seems like I'm falling in love  
I feel, heaven under my feet  
Wrapped up in silky sheets  
Come lay your head down next to me

Oh oh

It's you who  
I give the most to  
I'll let you go when you need room  
It's you who  
I give my heart to  
Baby be careful  
I've only got one
