

Love makes me better – Shpaque

Love gives me everything

Yeeah

I want to kiss all of your body
I wanna loose control

No one kiss me as you baby
I want to shake your soul baby

No one's fill my heart like you
No one can see it in my eyes

Your love is for my soul
Can you shake that?

I will be tomorrow
I want to see your beauty smile everyday
No one is changing for you

Love changes my heart and soul
Love changes everything
Love makes me warmer - I'm crying
I miss you tonight

No more to kiss just anybody
No more marriage no more pain
No one hurt's me just like she
I want (to) forget

No one can to be better
No one can see my weakness
No one loves my body - i want to catch your mind

Love changes everything
I love you baby I need you

Love makes me warmer - I'm crying

Love changes my heart and soul

Love changes everything

Love makes me warmer - I'm crying

I miss you tonight

Love changes my heart and soul

Love changes everything

Love makes me warmer - I'm crying

I miss you tonight

Love changes my soul

Love changes everything

Can you hear me baby I'm singing, yearning

My fantasy - Adrianna
